

UK Beef IRM High Magnesium Mineral

For Beef Cattle on Pasture Where Conditions for Grass
Tetany Exist

Guaranteed Analysis

Calcium (Min)	11.50%
Calcium (Max)	13.80%
Phosphorus (Min)	6.00%
Salt (Min)	14.00%
Salt (Max)	16.80%
Magnesium (Min)	14.00%
Potassium (Min)	0.10%
Cobalt (Min)	10 ppm
Copper (Min)	1,400 ppm
Iodine (Min)	50 ppm
Manganese (Min)	3,700 ppm
Selenium (Min)	26 ppm
Zinc (Min)	3,000 ppm
Vitamin A (Min)	200,000 IU/lb
Vitamin E (Min)	200 IU/lb

Ingredients

Monocalcium Phosphate, Dicalcium Phosphate, Calcium Carbonate, Magnesium Oxide, Salt, Processed Grain By-Products, Molasses Products, Hydrogenated Soybean Oil, Manganous Oxide, Manganese Sulfate, Zinc Oxide, Zinc Sulfate, Copper Sulfate, Copper Proteinates, Sodium Selenite, Selenium Yeast, Brewer's Dried Yeast, Ethylenediamine Dihydroiodide, Calcium Iodate, Cobalt Carbonate, Vitamin A Supplement, Vitamin E Supplement and Mineral Oil.

Instruction for Feeding

This mineral meets the University of Kentucky BEEF IRM recommendations for a basic cow-calf mineral.

Offer on a self-fed basis to beef cattle on pasture in a covered mineral feeder to keep mineral dry. Consumption should average 4 oz per head per day. This will provide 16 grams of supplemental magnesium and the maximum daily intake level of 3 mg of selenium per head per day. This 50 lb bag should feed 20 head for approximately 10 days. Minerals should be located near a clean source of drinking water. Feed only according to label directions. This mineral is designed for a specific use in beef cattle on pasture.

This product has been formulated according to the formulation specifications set forth by the University of Kentucky.

For additional information contact your Herdbuilder™ representative.

CAUTION: Use as Directed. Consumption of selenium should not exceed 3 mg per head daily.

WARNING: This product, which contains added copper, should not be fed to sheep or any species with a low tolerance to supplemental copper.

These recommendations do not necessarily reflect the recommendations of Ridley Block Operations. Ridley Block Operations assumes no responsibility for cattle performance or product intake related to this mineral product. Any questions regarding performance or intake should be directed to the UK Cooperative Extension Service.

NET WEIGHT: 50 lb (22.7 kg)
