### **Feeding Directions**

**Self-Feeding:** Offer Herdbuilder™ Endo-Fighter® Mineral w/BIOPLEX®, Sel-Plex® & Mag on a self-fed basis. Cattle should consume an average of 6 to 10 ounces per head per day. Provide one covered mineral feeder for every 20 to 25 animals. Mineral feeders should be located near a clean, fresh source of water. Mineral intake will vary depending upon the mineral status of the cattle.

For additional information contact your Herdbuilder™ representative.

CAUTION: Follow label directions.

Consumption of Selenium should not exceed 3 mg per head per day. Feeding 8.0 oz. of this mineral will provide 3mg Selenium per head daily.
