CLARIFLY® FLY CONTROL PRESSED BLOCK

TRIPLE TRUST TUBS

TT4000

- Prevents the emergence of horn, face, stable and house flies from manure of treated cattle.
- Prevents the emergence of house and stable flies from the manure of treated horses.
- Convenient 30 lb block can be easily placed where needed.
- Does not affect existing adult flies.
- Start use in early spring before fly appearance and continue feeding until cold weather restricts fly activity.
- Can be used with all classes of cattle and horses.
